5131 CONDUCT/DISCIPLINE

The Board believes that an effective instructional program requires an orderly school environment and that the effectiveness of the educational program is, in part, reflected in the behavior of students.

The Board of Education expects students to conduct themselves in keeping with their level of maturity, with a proper regard for the rights and welfare of other students, for school personnel, for the educational purpose underlying all school activities, and for the care of school facilities and equipment. Students are required to conform to reasonable standards of socially acceptable behavior; respect the person, property and rights of others; obey constituted authority and respond to those who hold that authority.

The Board of Education believes that standards of student behavior must be set cooperatively by interaction among the students, parents/guardians, staff and community, producing an atmosphere that encourages students to grow in self-discipline. Such an atmosphere must include respect for self and others, as well as for district and community property.

Board policy requires each student of this district to adhere to the rules and regulations established by the administration and to submit to such disciplinary measures as are appropriately assigned for infraction of those rules. The Superintendent shall provide to students and their parents/guardians the rules of this district regarding student conduct and the sanctions that may be imposed for breach of those rules. Provisions shall be made for informing parents/guardians whose primary language is other than English.

The Superintendent shall establish the degree of order necessary to the educational program in which students are engaged.

Code of Conduct

The Superintendent shall oversee the development of and the Board shall approve a code of student conduct which establishes standards, policies and procedures for positive student development and student behavioral expectations on school grounds, including on a school bus or at school sponsored functions. The code of conduct shall be based on parent/guardian, student and community involvement, and locally determined core ethical values. The Superintendent has the right and authority to impose a consequence on a student for conduct away from school grounds that is consistent with the Board's approved code of student conduct, pursuant to N.J.A.C. 6A:16-7.1 and N.J.A.C. 6A:16-7.6.

This authority shall be exercised only when it is reasonably necessary for the student's physical or emotional safety, security and well-being or for reasons relating to the safety, security and well-being of other students, staff or school grounds, pursuant to N.J.S.A. 18A:25-2 and 18A:37-2, and when the conduct which is the subject of the proposed consequence materially and substantially interferes with the requirements of appropriate discipline in the operation of the school. The Board shall direct development of detailed regulations suited to the age level of the students and the physical facilities of the individual schools.
